

Getaways

Recreational and respite leisure activities.
Experience new adventures being fully supported.

Getaways

Have fun through our Getaways service, which offers recreational and respite leisure activities, as well as trips away within Victoria and interstate. Clients get the chance to experience new adventures and destinations whilst being fully supported as well as increasing skills and independence.

Regular social nights

Come and join in the social night fun at The Bridge. Make friends and join in activities such as music, dancing, cooking, arts and crafts, games, movies, and sports.

Day activities

There are many day trips and social activities on offer every month. These include attending sporting events, visiting the latest attractions in Victoria, and enjoying day to day fun activities such as swimming, movies, and lunches. One to one support is available within group settings.

Interstate holidays

Come with us as we explore our beautiful country by joining one of our fully supported interstate holidays. Trips to Sydney, Adelaide, the Gold Coast, Cairns and Tasmania by boat or plane have been enormously successful, but the options are limitless! Holidays are jam packed with sight-seeing adventures and are enjoyed by all participants and the Getaways team.

Monthly discos

The Bridge discos are held the first Saturday of every month (except January). This popular event is open to all where music, dancing and fun is had all night. Often themed, with prizes for best dressed!

Weekends away

Join us for regular weekends away in some of the amazing places Victoria has to offer. Stay in popular holiday parks and retreats with all the latest facilities. Packages include accommodation and meals.

Fee for service

If you don't receive NDIS funding, Getaways offers all of our activity options on a Fee for Service basis. This means you can pay for any of the activities you would like to do with your own money.
